Driving directions from San Diego to the borders of Calexico/Mexicali

From San Diego go east on route 8 to route 111 south towards Calexico. This is approximately 110 miles from where I-8 and I-5 intersect in San Diego. It is a good idea to gas up in Calexico before you cross the border.

There are two border crossings at Calexico. The original border is about 7.4 miles from the exit of I- 8. You reach the old border by staying on 111. It is open 24 hours a day. To the east, the newer border is open from 6 a.m. to 10 p. m. This border can be reached by traveling on 111 and then turning left on route 98. This will take you to the new border. Included in your packet are maps of the Calexico/Mexicali area.
